Confirmation that the claim has been filed

To receive confirmation that the claim has been filed, either enclose a stamped self-addressed envelope and a copy of this form. You may view a list of filed claims in this case by visiting the Claims and Noticing Agent’s website at <https://restructuring.primeclerk.com/pgc>.

Understand the terms used in this form

Administrative expense: Generally, an expense that arises after a bankruptcy case is filed in connection with operating, liquidating, or distributing the bankruptcy estate. 11 U.S.C. § 503.

Claim: A creditor’s right to receive payment for a debt that the debtor owed on the date the debtor filed for bankruptcy. 11 U.S.C. §101 (5). A claim may be secured or unsecured.

Creditor: A person, corporation, or other entity to whom a debtor owes a debt that was incurred on or before the date the debtor filed for bankruptcy. 11 U.S.C. § 101 (10).

Debtor: A person, corporation, or other entity who is in bankruptcy. Use the debtor’s name and case number as shown in the bankruptcy notice you received. 11 U.S.C. § 101 (13).

Evidence of perfection: Evidence of perfection of a security interest may include documents showing that a security interest has been filed or recorded, such as a mortgage, lien, certificate of title, or financing statement.

Information that is entitled to privacy: A *Proof of Claim* form and any attached documents must show only the last 4 digits of any social security number, an individual’s tax identification number, or a financial account number, only the initials of a minor’s name, and only the year of any person’s date of birth. If a claim is based on delivering health care goods or services, limit the disclosure of the goods or services to avoid embarrassment or disclosure of confidential health care information. You may later be required to give more information if the trustee or

someone else in interest objects to the claim.

Priority claim: A claim within a category of unsecured claims that is entitled to priority under 11 U.S.C. § 507(a). These claims are paid from the available money or property in a bankruptcy case before other unsecured claims are paid. Common priority unsecured claims include alimony, child support, taxes, and certain unpaid wages.

Proof of claim: A form that shows the amount of debt the debtor owed to a creditor on the date of the bankruptcy filing. The form must be filed in the district where the case is pending.

Redaction of information: Masking, editing out, or deleting certain information to protect privacy. Filers must redact or leave out information entitled to **privacy** on the *Proof of Claim* form and any attached documents.

Secured claim under 11 U.S.C. § 506(a): A claim backed by a lien on particular property of the debtor. A claim is secured to the extent that a creditor has the right to be paid from the property before other creditors are paid. The amount of a secured claim usually cannot be more than the value of the particular property on which the creditor has a lien. Any amount owed to a creditor that is more than the value of the property normally may be an unsecured claim. But exceptions exist; for example, see 11 U.S.C. § 1322(b) and the final sentence of § 1325(a).

Examples of liens on property include a mortgage on real estate or a security interest in a car. A lien may be voluntarily granted by a debtor or may be obtained through a court proceeding. In some states, a court judgment may be a lien.

Setoff: Occurs when a creditor pays itself with money belonging to the debtor that it is holding, or by canceling a debt it owes to the debtor.

Unsecured claim: A claim that does not meet the requirements of a secured claim. A claim may be unsecured in part to the extent that the amount of the claim is more than the value of the property on which a creditor has a lien.

Offers to purchase a claim

Certain entities purchase claims for an amount that is less than the face value of the claims. These entities may contact creditors offering to purchase their claims. Some written communications from these entities may easily be confused with official court documentation or communications from the debtor. These entities do not represent the bankruptcy court, the bankruptcy trustee, or the debtor. A creditor has no obligation to sell its claim. However, if a creditor decides to sell its claim, any transfer of that claim is subject to Bankruptcy Rule 3001(e), any provisions of the Bankruptcy Code (11 U.S.C. § 101 et seq.) that apply, and any orders of the bankruptcy court that apply.

IMPORTANT LEGAL NOTICE

Dear PG&E Customer,

You have received this mailing because PG&E Corporation and Pacific Gas and Electric Company (collectively, "PG&E") have reached the next step in their Chapter 11 Cases: the setting of the "Bar Date." The Bar Date is the deadline by which any person or entity must file a Proof of Claim **if they believe money is owed to them by PG&E for the period prior to the January 29, 2019, Chapter 11 filing.** The U.S. Bankruptcy Court for the Northern District of California has set the Bar Date at **October 21, 2019 at 5:00 p.m. Prevailing Pacific Time.**

This deadline is important because, as part of the Chapter 11 process, PG&E must determine all amounts claimed to be owed to various creditors. The Bar Date and the procedures for filing Proofs of Claim apply to all claims against PG&E that arose before the filing date, January 29, 2019.

What You Need to Know About the Bar Date

1. **All PG&E customers are receiving this notice.** Receiving this notice does **not** mean that you have a claim or that PG&E or the Bankruptcy Court believes that you have a claim.
2. **Note that customers are not required to file Proofs of Claim for ordinary and customary refunds, overpayments, billing credits, deposits, or similar billing items.** Inquiries relating to these items should continue to be directed to PG&E's customer service center.
3. **If you do not believe you have a claim against PG&E, you do not need to do anything in response to this Notice or return a Proof of Claim Form.**
4. To the extent you believe that you have a claim that arose before January 29, 2019, or that you are otherwise owed money by PG&E from before the filing date that has not been paid (other than an amount referenced in paragraph 2 above), you **MUST** file a Proof of Claim by the **October 21, 2019 Bar Date**. If you fail to do so your claim may be barred and you may not receive any distribution.
5. **IF YOU BELIEVE YOU HAVE A CLAIM ARISING OUT OF OR IN ANY WAY RELATING TO THE NORTHERN CALIFORNIA FIRES' YOU MUST FILE THE APPLICABLE FIRE PROOF OF CLAIM FORM BY THE BAR DATE, WHICH CAN BE FOUND AT WWW.PGECUSTOMERBARDATEINFO.COM.**
6. If you have already submitted a claim to PG&E's claims agent, Prime Clerk, prior to receiving this notice, you do **not** need to file another Proof of Claim.

How to File a Proof of Claim

Enclosed is a Proof of Claim Form to be used for any claims other than for claims related to the Northern California Fires. Instructions for Proof of Claim

United States Bankruptcy Court

12/15

These instructions and definitions generally explain the law. In certain circumstances, such as bankruptcy cases that debtors do not file voluntarily, exceptions to these general rules may apply. You should consider obtaining the advice of an attorney, especially if you are unfamiliar with the bankruptcy process and privacy regulations.

A person who files a fraudulent claim could be fined up to \$500,000, imprisoned for up to 5 years, or both. 18 U.S.C. §§ 152, 157 and 3571.

How to fill out this form

- Fill in all of the information about the claim as of January 29, 2019.

- If the claim has been acquired from someone else, then state the identity of the last party who owned the claim or was the holder of the claim and who transferred it to you before the initial claim was filed.

Attach any supporting documents to this form.

Attach redacted copies of any documents that show that the debt exists, a lien secures the debt, or both. (See the definition of *redaction* on the next page.)

Also attach redacted copies of any documents that show perfection of any security interest or any assignments or transfers of the debt. In addition to the documents, a summary may be added. Federal Rule of Bankruptcy Procedure (called "Bankruptcy Rule") 3001(c) and (d).

- Do not attach original documents because attachments may be destroyed after scanning.

Confirmation that the claim has been filed

To receive confirmation that the claim has been filed, either enclose a stamped self-addressed envelope and a copy of this form. You may view a list of filed claims in this case by visiting the Claims and Noticing Agent's website at <https://restructuring.primeticket.com/page>.

Understand the terms used in this form

Administrative expense: Generally, an expense that arises after a bankruptcy case is filed in connection with operating, liquidating, or distributing the bankruptcy estate. 11 U.S.C. § 503.

Claim: A creditor's right to receive payment for a debt that the debtor owed on the date the debtor filed for bankruptcy. 11 U.S.C. § 101 (5). A claim may be secured or unsecured.

Creditor: A person, corporation, or other entity to whom a debtor owes a debt that was incurred on or before the date the debtor filed for bankruptcy. 11 U.S.C. § 101 (10).

Debtor: A person, corporation, or other entity who is in bankruptcy. Use the debtor's name and case number as shown in the bankruptcy notice you received. 11 U.S.C. § 101 (13).

Evidence of perfection: Evidence of perfection of a security interest may include documents showing that a security interest has been filed or recorded, such as a mortgage, lien, certificate of title, or financing statement.

Information that is entitled to privacy: A Proof of Claim form and any attached documents must show only the last 4 digits of any social security number, an individual's tax identification number, or a financial account number, only the initials of a minor's name, and only the year of any person's date of birth. If a claim is based on delivering health care goods or services, limit the disclosure of the goods or services to avoid embarrassment or disclosure of confidential health care information. You may later be required to give more information if the trustee or someone else in interest objects to the claim.

Priority claim: A claim within a category of unsecured claims that is entitled to priority under 11 U.S.C. § 507(a). These claims are paid from the available money or property in a bankruptcy case before other unsecured claims are paid. Common priority unsecured claims include alimony, child support, taxes, and certain unpaid wages.

Proof of claim: A form that shows the amount of debt the debtor owed to a creditor on the date of the bankruptcy filing. The form must be filed in the district where the case is pending.

Redaction of information: Masking, editing out, or deleting certain information to protect privacy. Filers must redact or leave out information entitled to privacy on the Proof of Claim form and any attached documents.

Secured claim under 11 U.S.C. § 506(a): A claim backed by a lien on particular property of the debtor. A claim is secured to the extent that a creditor has the right to be paid from the property before other creditors are paid. The amount of a secured claim usually cannot be more than the value of the particular property on which the creditor has a lien. Any amount owed to a creditor that is more than the value of the property normally may be an unsecured claim. But exceptions exist; for example, see 11 U.S.C. § 1322(b) and the final sentence of § 1325(a).

Examples of liens on property include a mortgage on real estate or a security interest in a car. A lien may be voluntarily granted by a debtor or may be obtained through a court proceeding. In some states, a court judgment may be a lien.

Setoff: Occurs when a creditor pays itself with money belonging to the debtor that it is holding, or by canceling a debt it owes to the debtor.

Unsecured claim: A claim that does not meet the requirements of a secured claim. A claim may be unsecured in part to the extent that the amount of the claim is more than the value of the property on which a creditor has a lien.

Offers to purchase a claim

Certain entities purchase claims for an amount that is less than the face value of the claims. These entities may contact creditors offering to purchase their claims. Some written communications from these entities may easily be confused with official court documentation or communications from the debtor. These entities do not represent the bankruptcy court, the bankruptcy trustee, or the debtor. A creditor has no obligation to sell its claim. However, if a creditor decides to sell its claim, any transfer of that claim is subject to Bankruptcy Rule 3001(c), any provisions of the Bankruptcy Code (11 U.S.C. § 101 et seq.) that apply, and any orders of the bankruptcy court that apply.

On Monday, October 2, 2017, at 8:27 PM I was dispatched by CAL FIRE SLU Emergency Command Center (ECC) to a structure fire at 4250 Allen Road in rural Paso Robles. The ECC advised me of 911 calls made prior to the fire starting that large "booms" were heard. I arrived at 9:28 PM

In the driveway of #68 4250 Allen Road I found a downed power line that had been arc severed (P-ZN-05 to 016). In the same area, off of the same pole, I observed a "service drop" running through a tree. The tree was charred where the service drop ran through the limbs (P-ZN-17 to 021 & P-ZN-024 / 25). The limbs were burned from the top down. At the base of the pole and under the tree, I observed backing fire spread indicators that moved north to north west. I determined this area to be the General Origin Area (GOA).

I interviewed (V-ZN-001) Pacific Gas and Electric Company (PG&E) Trouble man Jim MCCALL. MCCALL told me he was notified of a power outage at approximately 4:30 PM the same day and that all of Running Deer Ranch and Tri Counties were affected.

During my investigation by conducting a perimeter search of an area approximately one acre in size and through the examination of directional burn indicators, I was able to focus my investigation on a GOA of approximately 25 feet by 25 feet.

I was able to rule out the following sources of ignition as a cause for this fire:

Lightning – No lightning activity reported in the area and the sky was clear. There was no evidence located within the GOA consistent with a fire igniting as a result of lightning activity.

Smoking – No cigarettes or other smoking materials were located in the GOA.

Railroad - There are no railroads or railways in the GOA.

Fireworks - There was no debris associated to the use of fireworks located within the GOA.

Playing with fire – There were no signs of children playing in the area and I did not locate any matches in or near the GOA.

1 *Spontaneous combustion* – This was excluded as a potential cause. No material was located
2 within the GOA that has the ability to spontaneously combust.

3 *Campfire* - There were no signs consistent with a campfire being constructed or utilized within
4 the GOA.

5 *Debris burning* - There were no debris burning piles in the GOA.

6 *Equipment* – There were no indicators of equipment use within the GOA.
7

8 Based on my training, education, observation and statements revealed by interviewing
9 MCCALL, I determined the fire to be caused by power line conductors coming into contact with
10 surrounding vegetation that extended into nearby structures.

Narrative
Details of the Investigation

The San Luis Obispo emergency command center (ECC) dispatched a structure fire at 4250 Allen road on Monday, October 2, 2017 at 1924. E-3460 arrived at scene and found two (2) structures completely involved with extension into a third structures roof, siding, and boat dock. There were also power-lines down in front of two (2) of the structures. Some neighbors were staffing a hose line attached to a hydrant prior to arrival of fire resources. E-3460 personnel acted on keeping the fire from extending further into the third structure from the road until PG&E arrived at scene to secure the downed power-lines. Once the lines were secured personnel made entry into the third structure and extinguished the remaining fire. Two (2) of the homes were a complete loss with a vehicle included in one of the homes.

I identified a possible area of origin and kept all resources assigned to the fire out of the area until the arrival of our fire investigator, B-3420.

B-3420 arrived at scene and examined the area (see attached report).

Based on the evidence found at scene, I believe that the cause of this fire was the power-lines that split from the pole and service drop to the residence.

Fire cause exclusions:

Appliance: There was no evidence that an appliance was responsible for this fire.

Arson: There appeared to be no malicious intent in the start of this fire.

Cooking: There was no evidence that cooking was responsible for this fire.

Equipment: There was no equipment in the area that contributed to the cause of the fire.

Heating: There was no evidence that heating was responsible for this fire.

Smoking: There was no evidence that smoking was responsible for this fire.

Playing with fire: There was no evidence of playing with fire as a cause for this fire.
